

Regarding:

~~to be done~~
Contaminated yard dirt removal (Residential) Am unable to reach
whoever schedules actual work at 4763 Race street. Denver, 80216

(Preliminaries done in May, I assumed dirt removal and
follow up would follow in a timely manner).

July 15. Who to call for a ball park estimate? I have
exhausted a long list of Environmental phone numbers. Nothing.

Now, yard looks terrible. Grass is dead. Wife has caustic
tongue over the matter; not the least my own naivete, plus
failure to keep phone numbers of those first involved. Gee.
Can you help?
